Hey Linda,

Just happened to see this one prior to leaving the house. No word from Mike/David about paperwork changes (IIN/ICA) so nothing is happening at that level. As far as part goes, please see attached: OK to mfg/ship only if D4542-5 is to that DXF/marked up drawing.

Marc is doing an update to this kit, and there's a good chance this part is affected. I'd prefer waiting for Monday to get Marc's input first.

Linda, as per the last few batches you can manufacture/ship as long as D4542-5 is made to attached dwg/dxf. I will push the D4542 dwg Rev, through the approval process so you can work with an approved dwg.
